ABOUT ME

Highly motivated Front-end Developer specializing in HTML, CSS, JavaScript and ReactJS., dedicated to crafting modern websites that are user-friendly & aesthetically pleasing. Experience in cooperation and problem solving, always keeping up with industry trends. Strong experience with modern JavaScript frameworks, especially React and an ability to develop best-in-class user interfaces that feel natural.

EXPERIENCE

CodersVoice

Frontend Developer

📅 OCT 2024 – APR 2026 📍 Kolkata

- Frontend Developer — Coders Voice (Oct 2024 to APR 2026) At this company, I played a key behind-the-scenes role in creating user-friendly and responsive designs that led directly to enhanced experiences across the organization's digital touchpoints.
- I worked closely with UX/UI designers to implement visual prototypes into interactive and responsive web applications.
- Championed the development of new features, UI optimizations across products using HTML5 | CSS3 Javascript & React.js.

OPC PVT LTD

Web Developer Intern

📅 JUN 2022 – AUG 2022 📍 NEW DELHI

- Web Developer Intern at OPC PVT LTD (June 2022–September 2022) I took my hands on a lot of stuff from the part where we brain-storm ideas in meetings to actually bring product live.
- Primary Responsibility was to work on designs and developing user-friendly websites with functional compatibility across different devices.
- Collaborated with the senior development team to develop new features according to client requirements; helped on numerous projects that improve user engagement and experience.

PROJECTS

PORTFOLIO

- Developed a responsive portfolio website using React.js to showcase technical skills, projects, and professional experience with a modern user interface.

<https://kunalhats.github.io/Portfolio>

ECOM_VISIT

- Built a fully responsive e-commerce platform with product browsing and cart functionality.
- Implemented dynamic product rendering and state management using React.

<https://github.com/Kunalhats/Ecom-visit>

NotesHub

- Built a web application for easy sharing of notes between students and educators while providing quick administration functionalities to approve these notes.
